

inVRs - Feature #15

Update implementationClass element in EntityType configuration

08/05/2009 09:05 AM - Roland Landertshamer

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	SystemCore	Estimated time:	0.00 hour
Target version:	V1.0 Alpha6 release		
Resolution:			
Description			
In order to allow the automatic updating of the [[EntityType]] configuration also the <implementationClass> element must be updated automatically. Since this element depends on the class type of the [[EntityType]] the factory classes should provide methods for updating the [[XmlElements]].
